Good morning! Would you be available to talk with me one day at the beginning of next week regarding an EC student that was involved in some of the violence that occurred on our campus this week? Let me know. Thanks!

Good morning Mr. Morehead,

Due to the continued rumors regarding safety and there has not been a source to identify what is going on with the things being said on social media [REDACTED] will not be in attendance today. There were additional "rumors/threats" made last night on social media stating that people would be stabbing others in the bathrooms due to the police being present, and there is also a video of several fights compiled into one circulating on social media as well.

I genuinely believe you and the administration are taking all the safety measures that you can but we do not feel safe sending her to school today. Please call me if you have any questions or concerns.

Hello, Dr. Morehead, I have heard that there are going to be more fights tomorrow because one of my friends told me that there is going to be a "free for all" but I just wanted to let you know so nothing like this happens. I wanted to personally let you know about this because this is something to take seriously so I hope you get this email soon.

Tomorrow
